Re: Assigned HCPCS Codes for DME Billing

Xref #: 17552454

Product: ULTRA ZOOM S / M, ULTRA ZOOM L / XL

Model number: 10222, 10224

Dear Ms. Sherburne:

The Pricing, Data Analysis, and Coding (PDAC) Contractor provides Healthcare Common Procedural Coding System (HCPCS) assistance to manufacturers to ensure proper coding of Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). The PDAC has reviewed the above listed products. It is our determination that the Medicare HCPCS code to use when billing the four Durable Medical Equipment Medicare Administrative Contractors (DME MACs) is:

L1902 - ANKLE FOOT ORTHOSIS, ANKLE GAUNTLET, PREFABRICATED,
INCLUDES FITTING AND ADJUSTMENT

Per the Advisory Article Coding Guidelines for Ankle Foot Orthoses, posted to the PDAC web site on 12/21/11, "A multiligamentous ankle support provides control of the ankle joint between the medial and lateral malleoli while allowing for dorsiflexion and plantar flexion. This off-the-shelf ankle support includes a rigid stirrup and foot plate which provides functional tracking of the ankle with hind-foot and mid-foot stability during ambulation. This, in conjunction with wrap-around straps and the inherent gauntlet design, offers areas of multiligamentous support as described by the code. There are no additional HCPCS codes for this type of prefabricated ankle orthosis."

The plastic used for the foot plate and stirrup is too flexible to provide the required support and control to the ankle. Also, the foot plate does not extend far enough into the mid-foot area to provide mid-foot stability. Therefore, HCPCS code L1906 will not be assigned.

The PDAC provides coding decisions based on the coding guidelines established by the Local Coverage Determination (LCD) and associated policy article developed by the DME MACs. All products submitted to PDAC for a coding verification review are carefully examined by coders and professionals following a formal, standardized process.

This decision applies to the application we received on January 17, 2012. If information submitted in that application has changed or were to change, it could impact our decision. Therefore, a new application would need to be submitted for HCPCS coding verification review. This coding decision will be available within ten (10) working days on the Durable Medical Equipment Coding System (DMECS), which is located on the PDAC web site, www.dmepdac.com. Please take the time to verify that this coding decision is correctly reflected in DMECS.

It is the responsibility of manufacturers and distributors to notify the PDAC immediately of any changes involving their products, related to their current listing on the Product Classification List (PCL) on DMECS. Further information for requesting updates to the PCL can be found on the PDAC website at <https://www.dmepdac.com/review/notifying.html>.

The assignment of a HCPCS code to these products is not an approval or endorsement of the products by Medicare or Noridian Administrative Services, LLC; nor does it imply or guarantee claim reimbursement or coverage. If you have questions about claim coverage or reimbursement, please contact the DME MAC for your jurisdiction.

If you disagree with this decision, you may request a reconsideration within 45 days of the date of this letter. To request a reconsideration, complete the Reconsideration Request form located on the PDAC web site at <https://www.dmepdac.com/review/requesting.html>. If your request for a reconsideration is made after the 45-day time frame, we will treat it as a coding verification review request and require a new application and documentation to support the request.

If you have questions about claim coverage or reimbursement, please contact the DME MAC for your jurisdiction. For other questions, contact the PDAC Contact Center at the address listed above or by telephone at (877) 735-1326. The Contact Center is open Monday through Friday from 8:30 a.m. to 4 p.m. CT.
